

All residents can do their part to ensure that Algonac remains a great place to live, work and play. Keeping homes and businesses well-maintained and landscaped promotes community pride, adds neighborhood charm and increases property values.

Most property owners do a nice job of maintaining their property. However, when necessary, the city investigates violations such as junk vehicles, tall grass, trash, debris and improper outdoor storage.

Residents can report suspected violations

The city has made a significant effort to clean up blight on public property this year. Flowers have been planted, old fences have been removed, buildings have been painted. Check out everything that has been done on the new city Facebook page at

Algonac Awareness Fall 2018

From the Mayor & City Council

The City Council is committed to creating an exceptional quality of life for Algonac residents. Our police, fire and public works departments are outstanding and have been vitally important to community success. Nevertheless, as we prepare for the future it is critically important that we provide nice neighborhoods and quality of life amenities that not only benefit our current residents but also attract families and businesses to Algonac. This year we have focused on creating positive changes through teamwork, progressive leadership and thoughtful planning – and we are not done yet! This is an exciting time for our city and our future. We are all lucky to call such a wonderful place home.

Respectfully yours,

Eileen Tesch, Mayor

Michael Bembas, Mayor Pro-Tem
Corey Blair, Councilman
Raymond Martin, Councilman
Jim Osieczonek, Councilman
Terry Stoneburner, Councilwoman
Mark Thompson, Councilman
