- Michigan law requires prefunding of pensions based on an estimate of future obligation. Algonac continues to follow the auditor recommendation and makes an extra payment annually based on fund balance.
- Retiree health care is 100% funded in Algonac, unlike many cities. There are only three former employees that currently receive a minimal stipend for retiree health care costs and there is only one current employee eligible in the future.
- No part-time employees are budgeted for the pool summer.

- A 4% wage increase is budgeted for all employees.
- As a result of the special assessment for fire services that was supported by residents on February 27, 2024, the budget includes increases in call pay, duty pay and the addition of holiday pay for fire department staff. These increases will now make Algonac comparable to neighboring communities. These steps may delay the need to add another full-time employee.

MAJOR ROAD FUND

The major road fund receives revenue from the State from motor fuel taxes. This fund pays for the construction, maintenance, traffic services, and snow and ice control on all city streets classified as major roads.

| Crack Sealing | Maintenance | \$10,000 |
|---|-------------|-----------|
| Smith Street Pump Replacement (Storm Sewer) | Replacement | \$165,000 |

It is recommended that the maximum amount (50%) allowed by law be transferred from the major road fund to the local road fund in the amount of \$198,704.

LOCAL ROAD FUND

The local road fund receives revenue from the State from motor fuel taxes. This fund pays for the construction, maintenance, traffic services, and snow and ice control on all streets classified as local roads. This year construction of one local road project is planned.

| Crack Sealing | Maintenance | \$20,000 |
|--------------------------------|----------------------------|-----------|
| North Avenue, Elm St, Chestnut | Engineering & Construction | \$345,000 |

WATER FUND

User fees are collected from water system users to provide services. The state of Michigan is requiring communities to replace a minimum of 5% of their lead and

| Edgewater from Conley to North side of bridge. Install new 8" water main. | | \$325,000 |

galvanized water service lines each year. City engineer Hubbell, Roth & Clark applied for a grant that will cover the cost of identifying those services. However, the cost for replacement will be a direct cost to the city.

| Identify Lead Water Services | Grant funded | \$170,000 |
|------------------------------|--------------|-----------|
| Replace Lead Water Services | Construction | \$50,000 |

The Algonac Water Plant costs are shared 64% Clay Township, 36% city of Algonac. The following projects are proposed at the Algonac Water Plant, which filters, treats, and delivers an average of 1.5 million gallons of water daily to customers in Algonac and Clay Township:

| Membrane actuators & flow meters | \$200,000 |
|----------------------------------|-----------|
| Electric Unit Heaters (2) | \$15,000 |
| Filter room lighting/Fan install | \$20,000 |
| SCADA/PLC upgrades | \$75,000 |

SANITARY SEWER FUND

User fees are collected from sanitary sewer system users to provide services. The recently completed Stormwater, Asset Management and Wastewater grant program (SAW) identified significant deficiencies in the sanitary sewer and storm sewer systems. It is proposed that funds be budgeted annually to address these deficiencies.

| Sanitary Sewer Repairs to Pipes, Manholes, Siphons, & Pump Stations in priority areas per SAW | \$150,000 |
|---|-----------|
| Lateral Sanitary Inspection – Priority areas per SAW | \$55,000 |
| M29 Sanitary Fix - 609 SCRD | \$50,000 |

WASTEWATER TREATMENT PLANT

Fees collected from sanitary sewer system users are used to operate and maintain the wastewater treatment plant. The plant, built in 1968, was managed by the St. Clair County Department of Public Works on behalf of Algonac (30%), Clay Township (35%) and Ira Township (35%). The plant was transferred to the Southwater Municipal Utility Authority on January 1, 2024. Each community contributes annually to an Equipment Replacement Fund. It is anticipated that the city's annual contribution to this fund will remain the same as last year, \$75,000.

FEES

The following fee changes have been proposed effective July 1, 2024:

| Fee | Current | Proposed |
|------------------|---------|----------|
| Business License | \$50.00 | \$75.00 |

| 34" or 1" Water Meter | \$300.00 | \$700.00 |
|--|----------|----------|
| Sewer Usage Fee per 1,000 gallons water used | \$3.60 | \$5.50 |
| NSF/Charge Back fee | \$25.00 | \$30.00 |
| Tax Roll Request | \$150.00 | \$200.00 |

The business license is required every other year, and the fee has not been increased since prior to 2014. The increase in the water meter fee reflects the actual cost of the meter to the city. The sewer usage fee has not been increased since 2011.
