CARS IN STREET DURING SNOW EVENT

Please remove your vehicle from the street in the event of snow. It allows the snow plow to do a better job and this way your vehicle will not be plowed in.

CITY HALL OPEN

Open to the public Monday thru Thursday from 8AM to 6PM.
Closed 12:30PM to 1:30PM. Appointments required to meet with staff.

To Flush or Not to Flush?

Many items flushed down toilets or poured down drains can obstruct the sanitary sewer line to your house and cause blockages in the public system. Even if the label says "flushable", the following items **SHOULD NOT** be flushed down toilets or poured down drains:

- Cloth rags or towels
- Wipes of any kind – baby, toilet, disinfecting, etc.
- Medications
- Feminine hygiene products
- Q-Tips, dental floss
- Plastics of any kind
- Cooking grease
- Paint, pesticides, fertilizers
- Motor oil, gasoline

When these items travel to the city sewage treatment plant, they clog the filters. Chemicals must be used to break down the clog. This process is expensive, messy, time-consuming, and not very environmentally friendly. Please dispose of these items properly.
